The Catholic Engaged Encounter weekend is a presentationally formatted structure which contains five interrelated themes: The Family we grew up in, Sacramental Marriage, Communication, Intimacy, and Values. We use this Outline design in a way that allows these themes to be developed as the day unfolds.

The themes are woven into several talks, focused not on the wedding day, but about a married couple living their life together. "A Wedding is a Day, A Marriage is a Lifetime". In helping couples prepare for a great marriage, they need great tools. The most important tool they will need is the ability to communicate effectively and openly – one of the focuses of the weekend

The talks are presented by a priest and married couples in a group setting. The couples are then given "couple time" to focus on each other, writing after each talk, sharing their writings with each other, and discussing their thoughts and feelings with each other in a safe and loving setting.

"Here let me say a word to fiancés. Have the courage to be different. Don't let yourselves get swallowed up by a society of consumption and empty appearances. What is important is the love you share, strengthened and sanctified by grace. You are capable of opting for a more modest and simple celebration in which love takes precedence over everything else." [212]

Amoris Laetitia

A Wedding is a Day, A Marriage is a Lifetime
